

This term's Big Question: How can we, as members of a rock band, create the greatest rock show that Banbury has ever seen?

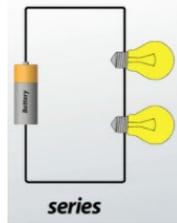

Overview: This term we will be understanding and planning all elements to put on a successful rock show, taking the local community into consideration. Scientific knowledge of electrical circuits and sound will be needed, as well as computer programming.

Business/Careers link:
The Mill, Wykham theatre.
Sound technicians

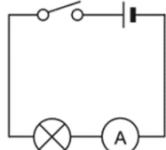

Assignment (Science - Electricity)

We will be:
Identify and naming the **components** in a **series circuit**

Drawing and constructing a **series circuit**.
