

Pupil premium strategy statement

Harriers Banbury Academy

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

Our vision at Harriers Banbury Academy is to cultivate high quality education in a supportive environment, enabling our pupils to become happy, confident individuals - ready to take on the world. This is underlined by our mission 'Learning to Fly'.

Our vision and mission was created with our disadvantaged pupils at the forefront of our thinking as we know that if they achieve well, all of our pupils will achieve well. Through research, networking and sharing of best practice, we know that the greatest impact on disadvantaged pupils' learning is quality first teaching and addressing cultural capital. We therefore ensure that high quality teaching and learning, a wide engaging curriculum and extracurricular opportunities are in place for all of our pupils. We closely track their progress, academic and wellbeing, and provide additional support where required through targeted interventions, in class support or a strong nurture provision.

We utilise our additional funding to ensure disadvantaged pupils receive quality first teaching, additional support and resources as required, can fully access our curriculum and have the same extracurricular opportunities as their peers.

In order to achieve these outcomes we will:

- ensure high quality first teaching is paramount to the attainment and progress of pupils
- aim to achieve positive progress for all disadvantaged students
- ensure all pupils achieve at least FFT 50 (Y6 2022/23)
- improve engagement for disadvantaged pupils
- improve attendance for disadvantaged pupils.
- ensure that a broad, rich, curriculum is accessible for all
- use assessments to find gaps in learning and rapidly plug these gaps

Challenges

This details the key challenges to achievement we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<i>Our monitoring and discussions with pupils indicate that some of their basic needs are not met (e.g. sleep, water bottles, no breakfast)</i>
2	<i>Attainment of disadvantaged pupils is lower than 'others' which has been highlighted through pixl assessments. Increased progress in Reading, Writing, Maths, Phonics and Spelling is required to close these gaps.</i>

3	<p><i>Through surveys, conversations with pupils and responses to homework/online learning we know that there is less engagement of parents in disadvantaged families.</i></p> <p><i>To improve parental engagement and engage families in order to support pupils learning out of school.</i></p>
4	<p><i>Through 'I know my class' surveys it is clear the disadvantaged pupils have limited life experiences which would enhance their learning.</i></p>
5	<p><i>Observations and monitoring has shown that there is an element of apathy to some disadvantaged pupils so the aim is to improve positive learning behaviours.</i></p>
6	<p><i>Data has indicated that the attendance of the disadvantaged pupils is below that of the 'others' so improving attendance is crucial.</i></p>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p><i>Improve attainment and progress outcomes for disadvantaged pupils, specifically in RWM</i></p>	<ul style="list-style-type: none"> ● Achieve in line with FFT 20 targets ● KS1 and 2 statutory assessments to be in line with national expectation ● Phonics screening results in Y1 (and Y2 retake) to be in line with national average ● Interventions and Pixl therapies to be used to close gaps
<p><i>Improve engagement for disadvantaged pupils through a broad, balanced and engaging curriculum</i></p>	<ul style="list-style-type: none"> ● Curriculum is purposeful, relevant and linked to real life. ● Staff use a range of techniques to engage pupils. ● Celebration books are used to map pupil journeys through school and shared in assemblies. ● Long term planning includes 21st Century skills, employability and cultural capital. ● Increased engagement by parents will support pupil learning and engagement.
<p><i>Improve attendance of disadvantaged pupils</i></p>	<ul style="list-style-type: none"> ● Improve attendance to national average ● Overall absence rate for all pupils being no more than 5% and the attendance gap between disadvantaged and non-disadvantaged pupils is not more than 2% ● Persistent absenteeism is below 8% and the figure amongst disadvantaged pupils is not more than 2% higher than their non-disadvantaged peer

	<ul style="list-style-type: none"> ● Use OCC attendance team to penalty fine parents if necessary ● Increased engagement by parents will support pupil attendance.
<p><i>Improve life experiences for disadvantaged pupils through trips, visitors, clubs and the curriculum.</i></p>	<ul style="list-style-type: none"> ● Pupils have increased life experiences that directly impact their learning and life opportunities. ● Long term planning includes 21st Century skills, employability and cultural capital. ● Long term planning includes life experiences (mapped and celebrated in celebration books) ● Trips and visitors are mapped throughout the school to enhance experiences. ● Disadvantaged attendance at extracurricular clubs will increase significantly.
<p><i>Improved wellbeing for all disadvantaged pupils.</i></p>	<ul style="list-style-type: none"> ● Pupils' basic needs are met so they are ready to learn (breakfast etc.) ● Pupils have staff members they can talk to which will support their wellbeing and mental health. ● Intervention and social skills groups will support pupil wellbeing to help them feel happy and confident in school. ● Pupil resilience will increase.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £28,000

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021.

Below is a summary of the aims, outcomes and end of KS2 assessments.

Aim	Outcome
Development of positive learning behaviours	Wellbeing is impacted through discussions and calm time in class to help reduce pupil anxiety. There was a decrease in the number of class based incidents and consequences. Pupils used the calm area increasingly. Learning walks and pupil voice showed engagement and enjoyment in learning. PP attendance - irrelevant due to covid 19.
Progress in R, W, Maths and Phonics	Data was impacted by lost learning during covid lockdowns. As a result, quality first teaching and specific interventions will in place to accelerate progress. Alongside use of Pixl to plug gaps.
Identified gaps in learning to be met	Data was impacted by lost learning during covid lockdowns. Impact of keeping staff in bubbles meant fewer interventions could take place. Pixl therapies were taking place across the school and half termly pupil progress sessions took place.
Parental engagement	Parents evening meetings via zoom all year and positive attendance. Follow up phone calls made for non- attendance.

Disadvantaged pupil attainment for last academic year

Further information (optional)

We targeted our additional Pupil Premium funding on extra staffing and extra intervention.

We have put in extra teaching interventions enabling us to follow up learning with individuals and small groups when a need has been identified. We do this through the use of assemblies in all year groups twice a week and targeted groups in the afternoons. The use of PIXL and QLA has boosted our ability to forensically analyse children's gaps and specific needs and then plug them using the therapies. We have employed experts who are able to get to the bottom of how each child learns best. In addition to the extra teaching, we have funded exciting educational visits and visitors, enabling all children to take part.

For the next academic year, it is important to note that our plans remain subject to updated government guidance regarding Covid.

Our priority will be to minimise any learning gaps exacerbated during the prolonged absence, and to promote wellbeing, stamina and learning of all pupils.
